Dear Parent,

It was indeed a proud moment for all the stakeholders of Bhavan's family when the fourth branch of Bharatiya Vidya Bhavan, Nagpur Kendra, school commenced the academic session at Trimurti Nagar on 15th July 2013 ; with challenges for us , to ensure the required quality standard to be delivered.

We strongly acknowledge the real fact that-

"Child is not a mirror of parent, but is a gift of parent for society."

A gift of God for every parent and the parent happens to be the guardian for the child in this world, as long as the association of family prevails with the child. With this thought in our mind, when we started our journey, we realized that, for every successful person it is the parent behind the holistic development of the child, and also ensures that the child has it all with him/her for LIFE. So as a parent one has to be confident about what is right, and need to provide the same for the overall growth of the child. And to our astonishment a miracle is created when such a child is exposed to schooling; he on his own creates a space in society and gets going with his acquired attitude, approach and ability. So the major role that is played in every individual's life is that of his/her parent.

Happy and contented kids are the byproduct of peaceful parenting; are nurtured by a passionate school culture and have a positive persistent support from society.

Going back to basics in education as rightly said

'Whatever broadens our horizon, deepens our insight, refines our reactions, stimulates our thoughts OUR feelings and educates us.' —

-Lodge

So in general, we envisioned an education that was deeply rooted in one's immediate surroundings but connected to the cultures of the wider world, predicated upon pleasurable learning and individualized to the personality of the child. Such an experience for an individual is provided in a setup which has...

A VISION to create a conducive coherent ethical learning environment in which the staff and parents have complete belief, faith and trust that nurtures the ***IGNITED MINDS.***

With an objective to follow the path of our vision, the school upholds --

THE MISSION to fly with the wings of ***RIGHTEOUSNESS, CONFIDENCE*** and the ***CONVICTION*** to complete all endeavors. We aim to attract and develop an individual by initiating a conducive learning environment in order to serve the society towards

WORLDWIDE INTEGRATION; inspire them to be just and ***ETHICAL CITIZENS;***

train them to be wise and ***PRINCIPLED LEADERS;*** and prepare them

to enter one of the strongest alumni fraternities – FOR LIFE.

And with this Vision and Mission we consider that – OUR children are like wet cement, whatever falls on them makes an IMPRESSION. Thus, our motto is to give our children rich inputs so as to make them stand tall and confident. For that we, the school and parents, need to walk together to create a ROAD MAP TO HAPPINESS.

"Stop trying to perfect your CHILD', but keep trying to perfect your RELATIONSHIP with your child."
